

Energy: Depth & Knowledge
Powerful Solutions in a Changing Climate

EXPERTISE

At Harper & Pearson Company our energy industry professionals have experience and knowledge working with clients in virtually every segment of the industry. From exploration and production to oilfield services our dedicated and responsive team helps clients stay abreast of emerging trends and financial reporting developments. Today's business environment is more complex than ever, and that's why we do more than provide accurate and timely information. We emphasize dedication to client services and delivery of a valuable, high-quality product.

Our advisors monitor proposed changes in federal and state laws, financial accounting changes under U.S. and international accounting and auditing standards and emerging industry trends to provide tailored solutions to your needs.

GLOBAL REACH

Harper & Pearson is an independently owned and operated member firm of CPAAmerica International, one of the largest associations consisting of more than 200 independent CPA firms in over 120 countries. Through our membership, we have unique access to the expertise and resources of more than 3,900 professionals in national and international markets. As a client of Harper & Pearson, you truly receive the best of both worlds: the personal attention and sincere concern of a local firm and the breadth of resources of an international association.
