

# NON-PROFIT SERVICES

## MAKING A DIFFERENCE

*Committed & Passionate...Giving Back to the Houston Community*

## EXPERTISE

Harper & Pearson Company, P.C. recognizes that the accounting and reporting guidelines for tax-exempt organizations, governmental agencies, and private foundations are different than for-profit businesses. That's why the professionals that serve our non-profit clients are experienced and knowledgeable in the unique aspects of management, accounting and financial reporting of non-profit and governmental entities.

Our understanding of the environment and budgetary systems under which such organizations must operate provides value while our accessibility and responsiveness give our clients peace of mind with realistic solutions to financial and operational issues.
